And Help the Peaceful Reconstruction of Business

Mr. Booker has proven himself to be the one Mayor of Hamilton who has honestly and fearlessly represented all classes and given poor and rich the same hearing and consideration. He is not the mouthpiece of any party or clique and can be depended on to administer the affairs of the city impartially.

FOR CONTROLLER

Fellow Citizens:

May I respectfully solicit your vote for my election as Controller?

I have served three years in the City Council as Alderman and have been associated particularly with such important matters as the Street Railway investigation, the report on the high cost of living, hospital improvements and the expansion of our parks system.

This experience warrants me in believing that I can give the citizens satisfactory service as a member of the Board of Control, and from many sources I am encouraged to feel that my candidature is being favorably received.

Will you make it a point to cast your vote on New Year's Day? The exercise of one's franchise is sometimes only lightly considered, but it is one of the most important functions of citizenship. Let us start 1920 right by voting. A neglect of this duty may affect most seriously not only ourselves, but our neighbors.

Thanking you in anticipation and assuring you of faithful stewardship if elected, I am,

Yours sincerely,

C. V. LANGS

VOTE FOR The Re-Election of ALDERMAN STAMP

FOR
WARD 6

Hamilton citizens should make sure that their interests are safeguarded by electing reliable men to the City Council.

YOUR SUPPORT REQUESTED TO RE-ELECT Willoughby ELLIS

AS HYDRO COMMISSIONER

Elected on the first Commission six years ago and has served continuously.

Is the present Chairman of the Commission. Worked as an Electrician and conducted a successful Electrical business for over fifteen years.

New Park in East End of City is Much Needed and Should Receive Support of All

If Granite are of any kind of concert, there will have to be extended themselves to win when the teams clash at the Arena on Friday night, in looking over the line-up of the Tacoma contingent forwarded this morning by the Tacoma Minor League office, consists of one Jerry had a collection of all-stars. Harry Watson, who played in the last two games with Dentals last season is to play with Granite. Also in the line-up are Earl Aldred, the ex-Varsity star and Doug Allison, who played with St. Michael's last season. The Tacoma contingent is the best line-up. In addition to this trio, Jerry has Fox, who starred for Victoria last season, and a player from the Winnipeg star, Ingozby, of the Victoria, and Jeffery, who played for the Victoria last season.

Bobby Confident of Beating Syracuse Battler

Above is the card which the Great War Veterans offer local fight fans for approval at the Grand Opening of this evening, and, needless to say, much interest is being taken in the main attraction, which will bring Bobby Eber and Patsy Johnson to the ring for the first time. Eber is a Jew to 113 pounds and feels that he is not the least bit backward when comes to talking of his chances against the Syracuse battler, for when discussing the coming battle this morning he said: "If I am to go to a place like this, I am going to win. It is a safe bet that will turn the trick when we clash to-night. I have learnt a lot in my last two starts and Patsy will find the going plenty fast enough. Sharkey gave him a jacking one week ago Monday, and I feel confident of doing the same thing to-night."

New York, Dec. 30.—Jack Curley who is staging the wrestling match between William Demetral and Jim Londra at the 71st Regiment Armory next Monday night, has hung up prize that will these men wrestle their last ounce. Curley has agreed to match the winner against Joe Stacher, the world's champion. The winner of this match will Stacher.

**Collegians Faded in
Last Period, Cooper
and Reid Best for
Locals**

When game time arrived Tiggers were waiting for the boys and the Helms and Manager Manson started Herbie Mitchell at right wing and Smith on the defence, along with Matte. Renee was on the bench and the boys rushed into action, but he was very unsteady on his feet, and his rushes did not prove to be very effective. Tiggers were first to break into the scoring column, when Terbie Mitchell shot one from far outside the net, but it was blocked by the goal pads into the corners of the net. In goals evaded up for the visitors a minute later, when the first shot of the bell sounded Carson scored for Yale from a scramble in front of the nets. Yale's style of play often left Tiggers with a lot of time to set up their own offensive the collegians brought their entire team up on the forward line, a quick change of play followed and time after time Matte appeared to be well away, but Inguais was just fast enough to catch up and beat the Yale defence.

In the first period Tiger team play was conspicuous by its absence, but in the second they began to play real hockey, and it was not long until they had forged to the front. Matte was moved up on the forward line, and Cooper and Walker and the Trio scored four counters, due chiefly to combination play.

It was in the third period that Tiger team real form began to show, running in five goals in quick succession, three of which were scored by Carleton Cooper. In this period Tigers were out of the game for only 10 minutes of the twenty played they had the visitors on the defensive, and it was only the good work of Walker in the nets that prevented the Bengals

Carson Cooper never looked better than he did last evening, and if Manager Manson can dig up another willing man to back him in his 11th year, he will make a strong bid for 12 H. A. honors. The former Cornwall star checked back like a fiend, showed plenty of speed at all times, and his wicked shooting accounted for five of the Tigers' goals. Harry Reid was another who showed a host of fine points, but after his last start, "Scotty" was here, there and everywhere, checking back in old time style, and his rushes accounted for more than one goal. Joe Matte could not get going until the final period, but he was in the end, and his machine man-

The Collegians a real exhibition of stick handling, and like Cooper and Reid starred for the Tigers.

For Yale Ingalls and Carson were by far the best. The former is a speed merchant of the first water, and the latter, while small in size, showed plenty of speed and packs a wicked shot. Walker, in the nets for the visitors, also showed up well. In the first period he turned aside many a shot, and also in the final period when Tigers were pressing hard.

The teams lined up as follows:

Yale—	Goal	Tigers—
Walker	Right defence	Reaume
Smith	Left defence	Matt
Wilson	Centre	Smith
Ingalls	Right wing	Reis
Carson	Left wing	Cooper
Lawrence	Subs.	Mitchell
Vaningen		Reis
Allan		M. Smith
Day		
Foster		
Oakes		
Moffat		
Underwood	Tommy McCarthy	

(Canadian Press Wire)
Ottawa, Dec. 31.—There was a near riot in the Ottawa hockey club's dressing room at the Arena last night when Dr. Lorne Graham, the club physician, came in with a surgical kit under his arm and politely ordered the Senators to step forward for vaccination.

This was found to be necessary, a word had been received from Montreal that the players would not be allowed to go through to Quebec to-night unless they all produced vaccination certificates.

Georgian Bay—A few light snowfalls but partly fair, and, for the most part, good

BOB FITZSIMONS, JR., A CHIP OF THE OLD BLOCK.
 Bob Fitzsimmons, Jr., is a chip of the old block, and he is getting into boxing fighting game. He is built on the same lines as his dad, and the same fiery temper. He is a good fighter, and will develop into a first-class pugilist. Left—In a fighting pose so characteristic of his father. Right—Bob has no terrors for this boy, for that was the temperature of the weather has made at his home in Nutley, N. J. He is 23 years old and weighs 170 pounds. Right—Bob favors the old axe and wood to develop a mighty wallop, a trick which he inherited from his father.

Star Shortstop Follows Example Set by Ruth

According to gossip Rogers Hornsby, shortstop of the St. Louis Cardinals, has decided to ask Branch Rickey for a liberal increase over his 1919 contract figures. Babe Ruth, under contract to the Boston Red Sox for two years more at \$10,000, has

accustomed to row to the wind are but leaping the whirlwind. Ruth was a wonderful asset to the Boston American league club last season. At the

he was the greatest individual drawing card of the game. And Harry Frazee overlooked no opportunity of advertising the fact on every possible occasion. Repeatedly he made statements (which perhaps were true) that he wouldn't trade his home-run slugger for an entire team. He "shilled" and "bally-hooed" Babe Ruth from one end of the circuit to the other. It was good press work at the time and doubtless helped swell Boston's gate receipts. But is it any wonder that Ruth, as a result, has such exalted ideas as to his value?

What applied in the case of Rattacore was equally applicable to Horaby. A few days after Rattacore had announced that he had accepted an offer of \$95,000 and had resigned as lawyer for Horaby. There was no suggestion that Horaby desired a bit of publicity for his star; that is, there was no reason for Horaby that he would consider under any consideration. He neglected even to mention the fact that he had made the same offer to Horaby two years ago, when Charles Rattacore was president of the Civic Welfare Council.

Two More Entries

Joseph Moore, unattached, city, and Leonard Baker, Grand Trunk A. C. city, were last-minute entries in the Hamilton-Dundas race.

Contestants are asked to report G. A. Carson, Y. M. C. A., at 2.15. T. race will start at 3 o'clock sharp.

Galt, Dec. 30.—Before the largest crowd that has attended a game here

Galt, Dec. 30.—Before the largest crowd that has attended a game here since pro hockey days Stratford juniors, who have fond hopes of winning the O. H. A. championship, to-night defeated the local sextette by 13 to 1. The winners outclassed the locals.

Berger, the former New Hamburg boy, is the fastest senior hockey player ever seen on local ice. He scored several goals on lone rushes. Keltner, Bourne and Carson, two fast wing players, were next best. Score by periods was 2, 2, 9 to 3, 12 to 4. The team that scored most of the goals on the local sextette, and one of the stars of the team, will be out of the game for some time. One of the visiting players are accidentally struck Skelly with his skate, tearing his ligaments and fracturing his leg.

Beall, on left wing, and Himes, center, scored for the locals, although Gardner put up a good defence making his weight effectively. Every player on the local team is a good skater, and some of them are fast. The fans were not disappointed. Hockey will be revived here, and this is the first time the boys have played

Stratford, Dec. 30.—In a splendid exhibition of hockey Stratford intermediates to-night defeated Kitchen intermediates by 4 to 3. There was little to choose between the teams though perhaps Kitchener played better combination. Two of Stratford goals were scored on long shots from almost centre ice.

London, Ont., Dec. 30.—London a Paris Juniors ushered in the O. H. season here to-night and displayed a weird brand of the winter pastime the locals winning by 11 to 4. "Dute Logan was the star of the game."

London led at the end of the first period by 3 to 1 and 8 to 4 in the second. There was a woful lack of team play throughout.

Midland, Dec. 30.—Midland junior defeated Bradford here to-night in a first O. H. A. game played this season. At the finish of the game the score stood: Bradford, 3; Midland, 14.

Cobalt, Dec. 30.—The opening game in the Northern Ontario Hockey Association senior series was played to-night in the Cobalt rink, with the thermometer 20 below zero, New Liskeard defeating the local team 7 to 0. As was expected, the better balanced and more experienced team of the visitors proved much too strong for the locals and won easily.

New Liskeard scored four goals in the first period, one in the second and two in the third. Cobalt's only tally

Meeting Place is Central School Grounds

Glenhead Riding Club plans "Start the New Year Right." The club will meet on Bold street, at the Central School grounds, at 10 a.m., Thursday, Jan. 1, for the first ride of the year. All members are urged to request to attend, and every lover of equestrianism who has a mount cordially invited to turn out and join with the club. A good ride is promised, the direction being dependent on the weather—if a good fall of snow has come, the ride will be into country.

BUSINESS AND FINANCE

EUROPE MUST HAVE GRAINS

Ory for Food Answered From America.

Will Keep the Prices Up for Long Time.

(Supplied by Thomson, Ford & Co., Merchants Bank Bldg.)

(Chicago, Dec. 31.—When money is purchasing power, as is the case at the present time in Austria, Hungary and Czechoslovakia and foodstuffs cannot be purchased for gold on account of a shortage, there exists no legitimate reason for lower prices in surplus produce countries than the bulk of all grains sent to the American Relief Administration, of which Herbert Hoover is chairman, has received many appeals for food from officials of the various countries where there is a severe shortage, and in order to help people who have no money, the committee will accept American money and food from its warehouse to be distributed to individuals.

Money should not be sent, as food can be secured there. The committee can be purchased from Chicago banks.

Sweden has the world's out situation been as strong as at present, as the United States, Canada and Argentina, the three leading exporters of the world, have a short crop this season. Argentina's surplus is 20,000,000 bushels, Canada's surplus is 10,000,000 bushels, and the heavy crop, about half of a normal crop, while the yield in England and some of the continental countries is much smaller than that of the United States.

As the bulls see it, if Europe wants oats and it appears to, it must come to the United States. The oats are claimed by a New York operator that all the visible supply of oats was 1,500,000 bushels, but the oats sold abroad.

Domestic corn has advanced nearly 5 cents and other months 2½ to 5¢ from the low point made in October. The market is attributed to buying by the American Relief Administration, putting out lines and taking them back again at high figures. There is a heavy crop of wheat in the middle of this week there has far been disappointed.

SUMMARY.

New York Federal Reserve Bank has increased its discount rate to 4½ per cent. The Federal Reserve Bank has advanced on United States certificates of indebtedness and bankers and traders discounting from 4½ per cent. to 4½ per cent.

Domestic members of the Senate Foreign Relations Committee meet today to discuss compromise on peace treaty. The committee will be held in session on Monday. The committee will be held in session on Monday.

Judge Gary considers business out of the question. The committee will be held in session on Monday.

Director-General Hines of St. Louis to lead leaders of railroad workers in the demonstration.

Twenty independent 1919-46, 28, twenty rails, 72.54, up 38.

HIGH MONEY IN STOCK MARKET

Tendency of Stocks to Go Up.

Policy of Steel Corporation Announced.

(Dec. 31 by J. G. Beatty & Co., 17 Main street east, members New York Stock Exchange.)

New York, Dec. 31.—The market wants to go up. High money rates act to inhibit a general advance which would carry all classes of stocks to higher levels, and in the meantime, the stocks are being bought.

The advance of the past few days. U. S. Rubber company still looks attractive. The stocks are being bought.

Don't forget that the former is now 16 cents. There was still considerable selling in some of the steel stocks yesterday for the purpose of registering losses.

SUMMARY.

Attention called to the fact that the steel industry is not a monopoly for cash. Claimed that fact of selling of U. S. Steel was for that purpose.

Easier monetary conditions not expected either today or on Friday. The market is being bought.

Judge Gary announces policy of steel corporation will be to maintain relative prices to prices and trade conditions and will have favorable influence on the market.
